## "The Only Thing That Will Relieve Neuralgia."

The piercing pains of Neuralgia, which often follows a bad cold or La Grippe, are frequently almost unbearable and few medicines afford any relief to the sufferer.

"I am a rural mail carrier and have been a user of the Dr. Miles medicines for years.

**Dr. Miles' Anti-Pain Pills** can't be beaten. They are the only thing I have found that will relieve my neuralgia and I have tried most everything, besides medicine from the doctor. I am willing to tell anyone what the Anti-Pain Pills did for me."

CHARLES HILDERBRANDT, Box 205, Woodville, Ohio.

If you, like Mr. Hilderbrandt, "have tried most everything" in vain, why not do as he did, fight your aches and pains with Dr. Miles' Anti-Pain Pills. Let the pills bear the brunt of the battle. No matter how stubborn the contest, they will come out victorious.

**Dr. Miles' Anti-Pain Pills** stand on their record, which is a long list of cures extending back a generation.

Druggists everywhere sell them. If first package fails to benefit, your druggist will return your money.

## Beware of Ointments for Catarrh that Contain Mercury.

Mercury will certainly destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure, be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

Sold by druggists—75c per bottle. Take Hall's Family Pills for constipation.

### Future of Cheesemaking.

Cheesemakers of the next century, maybe sooner, will have a seed germ laboratory attached to their factory, in which pure cultures of the cheese bacteria, germs responsible for the flavor of each kind of cheese, will be grown and nursed, and instead of fromage de Brie, Stilton or Gorgonzola, coming from different parts of the world, they will all be turned out from one factory, and no telling how cheap.

### Illuminating Tunnel.

An ingenious way of illuminating a tunnel has been devised by a Parisian inventor. Reflectors throw the light from many electric lamps sixteen feet above the rails to the sides of the tunnel, where it is again reflected by burnished tin, giving a soft and agreeable light. The trains automatically turn the current on and off when entering and leaving the tunnel.

### The Old Attendant Was Faithful.

When Napoleon died at Longwood, St. Helena, a rainstorm was raging. A faithful attendant threw over the body of the emperor the cloak he had worn at Marengo—a battle won by the incomparable Dessaix after it had been lost by the commander-in-chief of the army of Italy.

### Old Colliery Closed.

Tranent colliery, Haddingtonshire, from which coal has been taken for nearly 700 years, was closed recently. For many years women went down the mines at Tranent and worked with the men. One or two old women who were formerly engaged in the mines are still living in the district.—London Daily Mail.

### A Bird That is Feared.

The elster (Pica candata) is a bird that is respected and feared throughout south Germany. It belongs to the raven tribe and is about the size of a dove, with black and white feathers and long, pointed tail. It builds its nest in orchards, and its life is sacred. If it is seen three times in succession on the same housetop in a place remote from its home it is believed to be a sure sign of death in that house. If it flies over a house where any one is ill and gives its peculiar cry the sick person is sure to die, but if it does not scream the patient may recover. It is better for the sick person if the bird does not come near. No one could be hired to bother these birds for fear they might seek revenge, and if by chance one of them should die it is a sign of bad luck to the owner of the property where it is found. The bird is a valuable insect destroyer and in this way probably more than compensates for the fear it occasions among the farmers.

### Cursing in Korea.

A strange way of cursing is that of the Korean. His ordinary swear word is "Oenuma," or "You brute." The Japanese have the same partiality for this term of endearment. But according to the Oriental Economic Review the Korean considers himself especially abusive when he calls a person his child or grandchild. When he wants to call somebody down the Korean demands hotly, "Are you not my child?" And the angry retort is: "What! I your child? You are my grandchild!" Then the first goes a step further and cries, "You are a grandchild of my grandchild!" to which the rejoinder is: "You conceited fellow! Have you forgotten that you are a grandchild of a grandchild of my grandchild?" When their vituperation reaches its climax the people of Chosen at last come to the occidental standard of exclaiming, "You grandchild of a dog!"

### Servants in Turkey.

Turkey is not nearly so benighted as we imagine, for there is no servant question there. Though slavery is still recognized, the kadun (mistress of the house) is a mother to her servants, whom she treats as children, and no children in the world are better treated than Turkish children. The most painful thing the kadun can do to a maid is to say: "The master has found a good husband for thee. Thou wilt be married at such and such a time."

"Oh, mistress, what have I done to be thus abandoned?" is the usual sorrowful response. Even after the servant's marriage the kindly relations between mistress and maid continue. There are no fixed servant wages in Turkey. Faithful servants are rewarded from time to time in accordance with their masters' or mistresses' good pleasure or circumstances.—Chicago Journal.

### Origin of Dukes.

The word duke comes from the Latin "dux," a leader. In early Saxon times the commanders of armies were called dukes—i. e., the leaders of the soldiery. In other words, the first duke was the first best fighting man. No regard was had to ancestry or present attainments or any other sort of thing beyond the simple matter of warlike efficiency. Naturally the leader of the fighting would when the fighting was over come in for the lion's share of the spoils and "honors," and naturally again the rest of the folks would "look up" to him, and by degrees his superiority would be imparted to his family, and a "nobility" would spring into being. It all rested, to start with, on brute force and animal courage combined with cunning in clubbing and thrusting.—New York American.

### Colored Hailstones.

Red hail is not unknown, even in Great Britain, for in May of 1885 there was quite a heavy fall of it at Castlewellan, in County Down. Red and white fell together, and the red hue was not merely on the surface of the pellets, but went through and through. When one was squeezed between the fingers it stained them.

At Minsk, in Russia, an even stranger hail shower had fallen five years before. Some of the pellets were ring shaped, and, while some were distinctly reddish, others were a bright blue. Some scientists declare that the coloring is due to various mineral salts.

### A Feeling Allusion.

"I heard Uncle Joe talking about something he said he saw at the horse races, but I know better," confided the recently chastised small boy to his chum. "He saw 'em right here, and they're my ma and pa."

"What did he say?" asked the chum. "He said he saw a spanking team."

—Baltimore American.

### Long and Short Division.

Teacher—Tommy, how many is the half of eight? Tommy—On top or sideways? Teacher—What do you mean by on top or sideways? Tommy—Why, half from the top of 8 is 0 and half of it sideways is 3.—Exchange.

### Adirondack Animals.

There are no venomous snakes or beasts in all of the great Adirondack forests section, although there are deer in abundance, eagles, pheasants, bears and beavers.

### A Smart Man.

"He seems to be very clever."  
"Yes, indeed. He can even do the problems that his children have to work out in school."—Detroit Free Press.

## FREE FOR STOMACH AND BOWELS

We are in receipt of letters from Mrs. Eva Gaskins, 304 Madison St., Topeka, Kan., and Mr. P. H. Gavelas, Wagoner, Okla., as well as many others, telling about the wonderful results they have secured in the cure of their stomach and liver troubles by the use of Dr. Caldwell's Syrup Pepsin.

This remedy, as all readers doubtless know, has been before the public for a generation and is now being more extensively used than any other remedy for stomach, liver and bowel complaints. According to reliable testimony, it seems to be a very quick and lasting cure for constipation, indigestion and dyspepsia, liver trouble, biliousness, headaches, sour stomach, gas on the stomach, drowsiness after eating and similar disorders. It is a liquid with tonic effect, and so

mild and gentle in action that a child as well as a grown person can take it, in fact, it has no equal for children, women and old people.

It arouses the flow of gastric juice, and by a peculiar action trains the stomach and bowel muscles to again do their work naturally, and in time medicines of all kinds can be dispensed with. A free sample bottle can be had for trial by sending your address to the doctor, for in this way Mrs. Gaskins, Mr. Gavelas and many others first learned of the cure. Later, when satisfied it is the remedy you need, do as others are doing and buy it of your druggist at fifty cents and one dollar a bottle.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.
